EXERCISE "5 TORRI 2017"

EXPLAN

1. AIM

- a. (*Climbing & Alpine Rescue Exercise*) To show the main aspects of climbing techniques & safety procedures applied to military mountaineering, while conducting a series of climbing activities and search & rescue operations in alpine environment, joining movement on climbing itineraries (difficulties up to a VII+ grade on UIAA scale) and SAR events employing Army and/or civilian helicopters;
- b. (*Tactical Exercise*) To prove the training level achieved by the 7th Alpini Regt. (Julia Alpine Bde), part of the 2017 JRRF Package, through the conduct of a coy-level assault against roughly fortified enemy positions in a mountain terrain. The 7th Regt. Task Unit (TU) has to demonstrate:
 - the achieved capability to move in hostile/mountainous environment fully equipped;
 - employing Mountain Warfare (MW) techniques and procedures to achieve and maintain the local superiority and to surprise the enemy;
 - command & control skills of junior Officers & NCOs and their capabilities to keep a complete situational awareness in a complex and unpredictable scenario.

2. EXERCISE FRAMEWORK

- a. (*Climbing & Alpine Rescue Exercise*) Movement and alpine rescue drills in mountainous terrain contest (climbing difficulties up to a VII+ grade on UIAA scale);
- b. (*Tactical Exercise*) Tactical movement and combat drills in alpine terrain contest and hostile environment.

3. EXERCISE FORM

Field Training Exercise (FTX).

4. EXERCISE OBJECTIVES

- a. (*Climbing & Alpine Rescue Exercise*) Coordination and cooperation with Italian Army Aviation (AVES) IOT:
 - conduct search & rescue ops employing helicopter's winch;
 - conduct personnel insertion IVO "5 Torri" (2.300 mt);
 - guarantee 3rd dimension management.
- b. (*Tactical Exercise*) Coordination and cooperation with:
 - (1) Italian Army Aviation (AVES) IOT:
